Saving Basics

What does it mean to save money?

- Spend it right away
- Put it aside for later
- Give it all away

Where is a smart place to keep your savings?

- Under your bed
- In a savings account
- In your pocket

If you save your money, what can happen over time?

- It disappears
- It stays safe and can grow
- It turns into toys by itself

Which of these is a need, not a want?

- Candy
- Video games
- Food

Which is a want?

- Shoes to wear to school
- Lunch
- A new toy

You earn \$10 for helping at home. What is the best choice?

- Spend all \$10 right away
- Save some and spend some
- Lose it

If you don't have enough money for something you want, what should you do?

- Take it
- Ask a grown-up to buy it every time
- Save up for it

A savings account is best for:

- Keeping money safe
- Spending as fast as possible
- Losing track of money

Earning & Growing Money

How can kids earn money?

- Chores
 - Allowance
 - Helping others
- (Mark all that apply)

What is a goal?

- Something you want to work toward
